About This Book:

Research evidence shows that most of what we are told about Sales is wrong. For example: - You can be persistent without seeming pushy - Too much eye contact creates a negative impression with customers - Closing sales is not necessary. There is a raft of myth and hearsay around Sales; as well as thousands of books; most of which disagree with each other. SALES - SCIENCE OF SUCCESS offers a new and different approach. It cuts through the bullshit to bring you proven research from around ...
